COTTON GROWERS TO GET AID

SENATE MET AND QUICKLY ADJOURNED

GRAF ZEPPELIN REACHED JAP CAPITAL MONDAY

COMMITTEE NOT YET READY REPORT OUT HOUSE TARIFF BILL

THREE DAY ADJOURNMENTS WILL CONTINUE UNTIL SEPTEMBER 4TH

WASHINGTON, Aug. 19. (AP)—The senate reconvened at noon today after a two months summer recess with only a few members on hand for the opening session.

The tariff bill passed in May by the house is the order of business for the senate, but as the finance committee has not completed work on the measure, a series of three day recesses were started at once. These will continue until Sept. 4, by which time the bill is expected to be ready for consideration on the floor.

Despite the advanced notice that no attempt at work would be undertaken today, crowds filled the galleries and watched Vice President Curtis call the chamber to order.

The Rev. George G. Chubberson of New York offered the opening prayer.

After being in session only three minutes, the senate adjourned until Thursday. It was one of the briefest sessions in the senate's history. Members had been advised well in advance of leaders' plans to defer business until after the first of September, and only 30 senators were in their seats.

No business whatever was transacted at the session.

President Hoover did not even forward the nominations he has made during the recess, including those of the newly organized farm board.

Dallas Newspaper In New Home; Will House A. P. Wires

DALLAS, Aug. 19.—(P)—The Dallas Times-Herald of which E. J. Kiest has been owner and publisher for 33 years, today occupied its new home at Herald Square, named in its honor.

The plant, one of the most nearly perfect in the Southwest, was nearly a year under construction, and into it went the most modern improvements towards speed and facility in getting out a daily newspaper.

The new building also houses the Texas headquarters of the Associated Press, to which a half floor adjacent to the editorial room was devoted. The Times-Herald's chief source of world news is over five Associated Press trunk circuits, with other circuits branching out to serve in other seventy Associated Press members in Texas.

FARMER KILLED IN CRASH BETWEEN BUS AND AUTO SUNDAY

SAN MARCOS, Aug. 18.—(P)—August Hennig, 68, farmer and dairyman of St. Paul, Tex., died here today of injuries received in an automobile accident yesterday.

He suffered a fractured skull and other injuries when his new automobile collided with a bus between Kyle and Buda.

An automobile behind Hennig's driven by his son, John Hennig, 18, was knocked into a ditch, but the driver escaped injury.

The body, accompanied by his widow, two sons and a daughter, was sent to Papeote for burial.

Six Are Burned To Death Little Rock Fire Monday

LITTLE ROCK, Ark., Aug. 19.—(P)—Six persons were burned to death and several others injured or burned in a fire in a rooming house here today.

Explosion of a gas cooking stove started the fire in the upstairs rooms. The house was a 14-room frame structure, and the blaze spread rapidly through it.

The dead are: Archer, 17; Hiram Evans, Martin Kapp, Frank Hart, Dan Strange and Frank Mathews.

She Don't Want Much!

Mrs. Perle McLaren Howard, of Chicago, has entered suit against Leonard Erlanger Bergman, of New York, heir to the Abraham L. Erlanger fortune, for \$455,000 damages alleging breach of promise and breach of contract. She wants \$200,000 for breach of promise to wed, \$200,000 for breach of contract, \$50,000 because she was induced to divorce her husband and \$5,000 back allowances. Outside of that, she's satisfied.

ENDURANCE PLANE HEADED WEST FROM ROOSEVELT FIELD

CLEVELAND, Aug. 19.—(P)—The endurance plane, Spokane Sun God, arrived over Cleveland at 6:45 a. m. E. S. T., today on a return flight from Roosevelt Field, New York, to the Western Coast. The plane, piloted by E. Mamer and Art Walker, arrived over this field at 3:45 p. m., Eastern Standard time yesterday, having been in the air 66 hours and 47 minutes since it left Spokane at 5:59 p. m., Pacific time, Thursday. It had covered 8,600 miles.

Visit Roosevelt Field On Sunday

ROOSEVELT FIELD, N. Y., Aug. 19.—(P)—The airplane Sun God, headed back toward Spokane today after refueling here at the eastern turning point of its transcontinental non-stop round trip flight.

The plane, piloted by E. Mamer and Art Walker, arrived over this field at 3:45 p. m., Eastern Standard time yesterday, having been in the air 66 hours and 47 minutes since it left Spokane at 5:59 p. m., Pacific time, Thursday. It had covered 8,600 miles.

The fliers, who are seeking to establish a distance record for air refueled flight hovered over the field two hours taking on gas, all food and other supplies then turned westward toward Cleveland, the next refueling point.

Several notes were dropped over the field, in one of which they expressed their delight at arriving over New York and declared they were tempted to land here. They also dropped a message of greeting sent to Mayor James J. Walker from Mayor James Rolph of San Francisco.

EDGE MEETS APPROVAL
WASHINGTON, Aug. 19.—(P)—The state department announced today it had been advised by the French government that the selection of Senator Walter E. Edge of New Jersey, as ambassador to Paris met with its approval.

LONGEST JUMP OF ROUND THE WORLD FLIGHT COMPLETED

GIANT AIR LINER AVERAGED
ABOUT 64 MILES PER HOUR
OVER SIBERIA

TOKYO, Aug. 19. (AP)—The Graf Zeppelin, giant liner of the air, landed at Kasumigaura airport, 40 miles northeast of Tokyo at 6:27 p. m. today (7:27 a. m. Pacific standard time) completing the most perilous trip of its globe circling journey, the flight of nearly 7,000 miles from Friedrichshafen, Germany, in approximately 102 hours.

The dirigible, fresh from a jaunt of 6,432 miles across Eastern Europe, Siberian tundra and Asiatic mountain land, arrived over this city at 4:35 p. m. (2:35 a. m. E. S. T.) just one minute more than 100 hours from the time it left Friedrichshafen, Germany, Thursday at 6:34 a. m. (10:34 p. m. Wednesday E. S. T.).

After appearing over Tokyo and Yokohama the Graf hastened back to Kasumigaura, naval air port, and at 6:27 p. m., in the cool of the set.

AMBASSADOR DAWES IN CONFERENCE WITH PREMIER M'DONOLD

NAVAL REDUCTION AND DIS-
ARMAMENT DISCUSSIONS
RESUMED MONDAY

LOSIELOUTH, Scotland, Aug. 19.—(P)—Ambassador Dawes arrived here at 10:30 a. m., to resume his naval disarmament conversations with Prime Minister Ramsay MacDonald. The Premier met him at the station platform to conduct him to his home, the "Hilllocks."

LONDON, Aug. 19.—(P)—Ambas- ador Dawes is on his second visit to talk naval reduction and dis- armament with Ramsay MacDon- ald, British premier. The Herald to- day said also that when he had concluded his conversations with the Premier he would make a visit to the Scottish highlands, spending in all only a few hours with Mr. MacDonald.

The Ambassador left here with no advance notice last night for Losiemouth where Mr. MacDonald expected to meet him at the train and escort him to the Hilllocks, the little square stone house where the Prime Minister seeks relaxation whenever opportunity occurs. The Daily Mail said the visit was arranged during a telephone conversation between London and Losiemouth last Friday.

There was no indication as to the phase of disarmament and naval reduction into which the two men expected to enter. During the last two months, since the Ambassador's last visit to Losiemouth little has been said over the disarmament conversation between the American and British officials beyond statements that there was satisfactory progress.

Bomb Partially Wrecks Home of Chicago Officer

CHICAGO, Aug. 18.—(P)—A powerful bomb was exploded today under the front porch of the summer home of Lawrence F. King, county republican leader and sanitary district trustee. The bomb wrecked the front of the house and threw King and his five children from their beds. None was injured.

It was announced the fliers, instead of making a control stop at Caleico, would be permitted by the Cleveland race officials to fly sufficiently low over that airport to allow checkers to read their plane numbers. The contestants, then may land at Yuma, Ariz., the change they had demanded to continue to Phoenix, the second night.

Field Too Small.
Following a protest meeting last night the women fliers issued a statement refusing to go "farther than this point (San Bernardino)

PRIZES ATTRACT BIG ENTRY LIST

The ladies literally flocked in their planes to Santa Monica, Cal., to take part in the National Women's Air Derby. "For women only," was the proviso tacked on the big air event. Mrs. Ulysses Grant McQueen, vice-president of the Women's International Aeronautic Association, displays four of the fine trophies which will be given as prizes to the successful contestants. Nineteen of the best women fliers in the world hopped off Sunday for Cleveland.

THREATENED STRIKE WOMEN FLYERS SETTLED; EIGHTEEN START SECOND DAY'S HOP

SAN BERNARDINO, Cal., Aug. 19.—(P)—Eighteen young women aviators, contestants in the \$25,000 women's air derby, took to the air again shortly after 6 a. m. today after a controversy which for a time threatened to break up the race had been ironed out.

Vera Walker, Los Angeles pilot, was the first to put her plane in the air, starting at 6:10 a. m. Mrs. Keith Miller of New Zealand was second, two minutes later and Neva Paris of Great Neck, N. Y., third. Thereafter the others gracefully and easily swept into the air at regular two minute periods, climbing high into the early morning haze to surmount the San Bernardino mountain range, 10,000 feet above sea level.

The eighteen planes headed for Beaumont Pass, wide and wind swept, cut through the range that is the gateway to the below sea level floor of the Imperial valley. Caleico, 175 miles from here, sprawls on the Mexican border line at the Southern end of the irrigated desert valley.

The other fliers, in the order of their starting were: Amelia Earhart, Opal Kuntz, Margaret Perry, Ruth Elder, Edith Foltz, Gladys O'Donnell, Ruth Nichols, Thea Rasche, Blanche Noyes, Claire Fahy, Louise Thaden, Marie Cross, Florence Barnes, Bobbie Trout and Phoebe Omie.

NATIONAL GUARDSMEN READY FOR STRIKE DUTY AT MARION, NORTH CAROLINA, MONDAY

ASHEVILLE, Aug. 19.—(P)—Asheville National Guardsmen were ordered mobilized today for duty at Marion, N. C., where 1600 strikers at the Clinchfield cotton mills refused to permit 400 non-union men to go to work. The troops were called out by N. A. Townsend, representative of Governor O. Max Gardner at the scene.

Man Kills Wife and 4 Children Then Himself

ROYAL OAK, Aug. 19.—(P)—Hans Peter Neilson of Royal Oak killed his wife and four children with gas fumes and took his own life with poison after setting fire to his house here today.

Florence Neilson, 34, was the first to enter the mill. She was followed by her four children, Nellie, Hans, nine; Bertha, eight; Paul, six; and Bodell, two, dead in the bedroom. Every gas jet in the house had been opened.

After an auspicious start Sunday afternoon from Santa Monica, Cal., (Continued on Page 10.)

WESTWARD FLIGHT TO AMERICA BEING ATTEMPTED BY SWISS

THEY EXPECT REACH HALL-
FAX AND REFUEL THERE
BEFORE CONTINUING

LISBON, Portugal, Aug. 9. (AP)—Two youthful Swiss aviators Oscar Kaeser and Kurt Luescher, took off from Juncal, near here, at 7:30 a. m. (1:30 a. m. E. S. T.) in an attempt to make a westward crossing of the Atlantic to New York.

They considered it doubtful they could reach the American metropolis without refueling and planned to strike first for Halifax, Nova Scotia, probably stopping there for more petrol. It was their intention to fly by the Azores, not attempting to land but returning to Portugal if their fuel consumption was too heavy.

The plane was a Farman monoplane of French construction, bearing on its fuselage near its 230-horsepower motor the name "Jung-schweizerland" or "Young Switzerland." It was similar to that (Continued on Page 5)

WARNER BROTHERS MERGE HOLDINGS WITH PARAMOUNT

WILL JOIN TO COMPOSE
\$400,000,000 CORPOR-
ATION; MANY THEATRES

LOS ANGELES, Aug. 19.—(P)—The Examiner today said a merger of Warner Brothers Motion Picture Corporation with Paramount-Famous-Lasky would be completed within the week, and gave Jack L. Warner, West Coast head of the former organization, as its authority.

"The proposed union," Warner said, "will bring together about 2,400 theatres throughout the country. This will include approximately 2,000 theatres controlled by Public and Paramount, and about 400 controlled by Warner Bros."

The impending merger, when consummated, will involve the combination in one corporation of more than \$400,000,000 in holdings. When the final papers are signed, Warner said, a parent company will be formed to control the merged units, which probably will be known as Paramount-Warner Brothers Corporation.

Man Kills Wife and 4 Children Then Himself

ROYAL OAK, Aug. 19.—(P)—Hans Peter Neilson of Royal Oak killed his wife and four children with gas fumes and took his own life with poison after setting fire to his house here today.

Florence Neilson, 34, was the first to enter the mill. She was followed by her four children, Nellie, Hans, nine; Bertha, eight; Paul, six; and Bodell, two, dead in the bedroom. Every gas jet in the house had been opened.

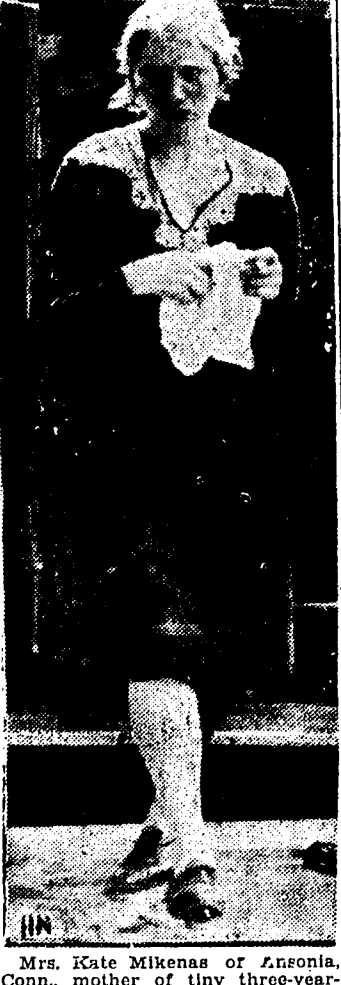

After an auspicious start Sunday afternoon from Santa Monica, Cal., (Continued on Page 10.)

America Will Enter Tiny Racing Plane

ANNAPOLIS, Md., Aug. 19.—(P)—Decision to send the Mercury race, Lieut. Alfred J. Williams, tiny but powerful plane abroad this week to compete in the Schneider Cup races without any further tests here was announced at the naval academy today.

PRESIDENT RETURNS.
WASHINGTON, Aug. 19.—(P)—President Hoover returned to the White House today from his fishing lodge on the Rapidan river in Virginia.

Grief Stricken Mother

Mrs. Kate Mikenas of Ansonia, Conn., mother of tiny three-year-old Albert Mikenas, who was the victim of a brutal fiend, mourns the little chap. His mutilated body was found at a lonely spot near Milford, Conn., two weeks after he disappeared from his mother's side. Only a mother can realize the heart-breaking sorrow of such a tragedy.

MEXICAN CATHOLIC PRELATE DECORATED BY HEAD OF CHURCH

DALLAS, Aug. 19.—(P)—Instead of being on route to Rome for a rebuke from the Pope, the Most Rev. Francisco Orozco Y Jimenez, archbishop of Guadalajara, Jalisco, Mexico, has been decorated by the Pope and is in the United States awaiting permission to return to Mexico, according to a statement by W. A. Menger, general manager of Southern Messenger, Catholic newspaper.

Recent dispatches from Mexico to a Spanish language newspaper at El Paso reported that the Archbishop would be "punished by the Pope for his alleged participation in the recent rebellion of the 'Cristos' in Mexico."

Sixth Victim of Flames at Concord Was Dead Monday

CONCORD, N. H., Aug. 19.—(P)—Number of victims of the fire which swept the home of Marshall French, truck driver, last Friday night today stood at six.

French himself was the sixth to die. He expired at a hospital where he lay for several days. His last of his four children had died.

The other three, Charles, 5, Marshall, Jr., 4, and George, 5 months, were trapped in the house together with Joseph Menger, 14, neighbor's boy, who was helping to care for the children.

Unidentified Woman Is Found Drowned

DALLAS, Aug. 19.—(P)—authorities today were seeking to identify the body of a well dressed middle-aged woman found in a creek here.

A tentative verdict of suicide was returned because there was insufficient water in the lungs to cause death, and there were no indications of violence.

BORGER MAN SLAIN.
BORGER, Aug. 19.—(P)—Homer L. Brown, 22, was stabbed fatally here last night in a street altercation. His home was in Cedar Hill, Texas. A man was arrested in connection with his death.

FARM BOARD WILL APPROPRIATE SUM FOR THIS SEASON

PLAN IS OUTLINED IN TENTATIVE FORM IN MONDAY ANNOUNCEMENT

WASHINGTON, Aug. 19. (AP)—The federal farm board announced today it had tentatively agreed to make "certain financial advances" to cotton co-operative associations to assist in the movement of this year's crop.

This decision was reached, the board said, as a result of a number of conferences with officials of the American Cotton Growers Exchange.

"The associations," the board announcement said, "are now able to obtain loans from the federal intermediate credit banks to the amount of 65 per cent of the value of the cotton."

Plans Are Outlined.
The federal farm board proposes to loan an additional 25 per cent—a total of 90 per cent for the two government agencies on cotton (Continued on Page 2)

CHINESE MOBILIZE HUGE ARMIES MEET REPORTED INVASION

MINOR CLASHES OCCUR, BUT
RED ARMY'S CROSSING OF
BORDER UNCONFIRMED

TOKYO, Aug. 19.—(P)—Rengo news dispatches from Manchuria, today said the first of the large Chinese reinforcement armies which are being rushed to the western border at present had arrived there, equipped with machine guns and field guns.

A Mukden dispatch to the same agency said Governor Chang Hsueh Liang had appointed General Wang Shu-chang commander of the Manchurian forces at present en route to the Siberian border and had summoned a military council to meet at Mukden.

The manchurian report said calm had been restored in that area after the soviet raid on Dalainor, although the town itself was deserted and Manchuria in panic after the clash. Chinese officials are (Continued on Page 10.)

AMENDED SCHOOL BOND LAW BECOMES EFFECTIVE TUESDAY

AUSTIN, Aug. 19.—(P)—The amended law relating to the issuance of bonds in independent and common school districts, requiring that they shall bear not more than five percent interest per annum and mature in serial annual installments, will become effective tomorrow, Assistant Attorney General D. L. Whitehurst said today.

Whitehurst said the change in the law is important to all school districts because the law heretofore has authorized six percent bonds and has not required that they mature in serial annual installments.

Caribbean Storm Warning Is Issued

WASHINGTON, Aug. 19.—(P)—The weather bureau today issued the following storm warning: Advisory 10 a. m. tropical disturbance apparently of slight intensity passed over or near the island of St. Lucia, Windward Islands last night, moving west-northwestward; caution advised vessels in Eastern Caribbean next twenty-four hours.

POLITICIAN WEBS
STAMFORD, Conn., Aug. 19.—(P)—Homer S. Cummings, former chairman of the democratic national committee and nationally known attorney, announced today he and Miss May Cecilia Waterbury of this place had been married April 2. His wife is the daughter of William Warren Waterbury, retired contractor.

BENNETT LEADING TEXAS LEAGUE AS SEASON WANES .379

WICHITA FALLS SLUGGER CLOSELY PRESSED BY JIMMY MOORE

DALLAS, Aug. 17.—(P)—Main taining the hot pace which has made him one of the most feared batters in the Texas league, Red Bennett, Wichita Falls outfielder, had an average of .379 through Thursday's games, five points ahead of his closest rival, Jimmy Moore, Dallas, with .374.

Other leaders through Thursday were: Langford, Shreveport, .367; R. Moore, Dallas, .363; Blackie, Waco, .359; Lapan, Wichita Falls, .358; Hanson, Beaumont, .351; Rosenthal, Dallas, .347; Benton, Wichita Falls, .344; Kelly, Beaumont, .343.

Six of the league's 10 leading hitters are lined up with Dallas and Wichita Falls, prospective opponents in the title play-off. In addition to supplying the circuit's second best batting average, the Moore family is starting in almost every branch of play. Randy Moore, Dallas, has garnered the most hits, 194, and leads in doubles, 23. Bennett, who has hit the most triples, 23, and is tied with Bennett for second place in runs scored, with 112. Whelan, Shreveport, has dented the pan 118 times.

Rosenthal, Dallas, Jewish star, is runner-up to Randy Moore in rapping doubles, with 40. Langford, Shreveport, has 38. Although Bob Sangulnet, Waco, has not hit for the circuit for over a month and has been out of the lineup much of the time, his total of 25 homers continued to lead the procession. Paul Easterling, Beaumont, and Benetti, Wichita, each had 24 round-trippers to his credit.

Pepper Martin, Houston, boosted his stolen base total to 37 during the week and appears certain to top the league. Two Shreveporters, Stewart and Whelan, with 30 and 26, respectively, were his nearest rivals.

With a month left to play, George Payne, Spudder, has proven to win at least 25 games. He sailed away his twenty-first Wednesday. Collard, Shreveport, with five straight victories, now boasts the best winning average.

PROSPECTIVE TIGERS GIVEN OUTLINE FOR WORK BY COACH

A get-together meeting of the prospective members of the Corsicana football team was held at the high school Sunday morning at 8:30 o'clock and Coach Johnny A. Pierce outlined the preliminary work he desired the boys to do preparatory to the opening of the strenuous training camp, Tuesday, Sept. 3. It has been planned that a number of the boys who were at the Texas national guard encampment at Palacios would be on hand—that was the reason the meeting was called.

Coach Pierce left Sunday for Dallas to attend the Rockne-Warner-Morrison coaching school, but the special trains bringing the national guard units had not arrived. Equipment will be issued later Tuesday, Sept. 3; squadmen will be suited out Wednesday, Sept. 4; and the remainder of the squad will be outfitted, Sept. 5.

Coach Pierce urged the prospective men to get regular sleep, go to bed at 9:30 o'clock; do plenty of walking; and the backs and ends begin passing and kicking football.

He said that he believed he would have a good team and that the Corsicana high school grid destinies and he was counting on the boys coming up to the expectations which the football fans of Corsicana held for them to have a successful season.

He told the "fat" boys to get in shape and lose weight or he would have a "fat man's squad," when the season opened and he would get the surplus off them in a hurry.

POWELL MAN HELD ON CHARGE ASSAULT FOLLOWING SHOOTING

Frank Kimes of Powell is in the Navarro county jail charged by complaint filed in Judge S. B. Jordan's court with aggravated assault and with assault with intent to murder. Deputy Sheriff J. H. Westbrook and V. McMurray made the arrests and returned to the Powell community Friday morning and further investigated the case.

According to the officers, Kimes was charged with discharging a shotgun into the automobile of Perry McCulloch late Thursday night while Mr. and Mrs. McCulloch were driving along the highway near Powell. Several shots were hit Mr. McCulloch in the face and one shot hit Mrs. McCulloch in the head. Neither were seriously injured.

Kimes is also charged by complaint with aggravated assault in connection with an altercation the accused man is said to have had with Ike Kyser, July 30.

Roy Kimes, brother of Frank Kimes, is also being held for investigation questioning. Both the men are from Oklahoma, but officers state that they deny any relationship to Matthew Kimes.

Roaming the Realm of County Sports

By DELMORE OLSEN.

Football practice at the State Orphan Home began last Thursday afternoon with a number of ladies ready to start the fight for regular positions on the Lad football team, champions of district 14 of the University of Texas interscholastic league. The Lad team has a heavy schedule for the year which begins with the Cleburne game in Cleburne September 14th.

The State Home Lads and the Corsicana High school will not play each other a check of the schedules of each school shows. In the last two meetings of the two teams, the Corsicana Tigers have won decisive victories over the game Lads. Considerable enmity was engendered by the fact that the two clubs last year, and we think it is the best thing to discontinue the annual game.

Coaches Pierce and Jefferies of the Corsicana Tigers called the boys together Sunday morning and urged that they begin to get in condition for the coming season. The meeting was held at the school after the meeting for Dallas where they will attend the Rockne-Warner coaching school held at S. M. U. As soon as the two coaches return to Corsicana, which will be about the first of September, football practice will start in dead earnest.

Notice where Victor Davis picked Waco to win the title of District 4 of the Interscholastic league. His selection will meet with considerable opposition among the member clubs. The Waco Tigers will of course be serious contenders for the district title but with Corsicana, Temple, and Cleburne pointing to their game with Waco, the Tigers from the banks of the Brazos may have a hard time during the coming season.

The Corsicana Tigers will be feared by all teams in the district.

RESIDENT OF ENNIS BURIED HERE SUNDAY DIED FRIDAY NIGHT

Funeral services for Frank E. Moore, retired Southern Pacific conductor, who died at his home in Ennis Friday night, were held at Ennis Sunday afternoon. The body was brought to Corsicana by the Keever Funeral Home and interment was made in Oakwood cemetery. The funeral was staged by the Corley-McMahon Funeral Home.

He had been employed by the railroad for twenty-two years. He suffered a stroke of paralysis three years ago and had been in ill health since that time. Surviving is his wife. Rev. Tom Lenox, pastor of the First Christian church, conducted a short service at the grave.

Cotton Seed

If you want your cotton seed cleaned and culled for planting, we want to investigate your order at Corsicana. We have made all necessary improvements for us to give you first class service. When better ginning is done the Hopkins Gint will do it. THE HOPKINS GIN CO. Corsicana, Texas.

SOUTHERN PACIFIC PASSENGER TRAINS CHANGE SCHEDULE

SUNBEAM, FAST HOUSTON TO DALLAS TRAIN, WILL STOP IN CORSICANA

Effective Sunday, Aug. 18, the Southern Pacific Pacific, which now arrives in Corsicana at 10:50 a. m., will stop at 11:20 a. m. and the schedule of the northbound train which arrives here at 4:25 p. m. will remain the same, according to an announcement made by A. L. Springfield, Southern Pacific passenger agent, Friday morning. He stated the Sunbeam which passes through Corsicana at 1:24 p. m. will stop here for revenue passengers, in the future.

It was stated various chambers of commerce between Paris and Ennis petitioned for the Paris-Ennis train schedule be changed, allowing their citizens to leave Paris early in the morning, come to Corsicana, take advantage of Corsicana as a shopping center, and return home that night.

Following is a telegram received Friday by A. L. Springfield, relative to changes made in the train schedules: "A. L. Springfield, Southern Pacific passenger agent:

"Effective Aug. 18th schedule changes train 40 leaves Paris 6 a. m., arriving Ennis 10:25 a. m., train 39 leaves Ennis 5:40 p. m., arrives Paris 10:05 p. m. Train 32 will leave Fort Worth 8:40 a. m., arrive Ennis 10:23 a. m. Train 62 will leave Ennis 1:30 p. m., arrive Fort Worth 8:05 p. m. Train 63 leaves Bremond 2:05 p. m., arrives Waco 3:35 p. m. Train 16 leaves Dallas 9:30 a. m., arrives Ennis 10:40 a. m., arrives Corsicana 11:20 a. m., arriving Ennis 1:20 p. m., arriving Houston 6:05 p. m. Sunbeam will stop at Corsicana and pick up revenue passengers, Houston and beyond and Corsicana to discharge revenue passengers from Dallas and beyond. Train 13 will stop at Navasota and College Station, pick up revenue passengers Dallas and beyond and stop at Corsicana discharge revenue passengers from Houston and beyond."

"J. L. MONROE."

MISSING FT. WORTH GIRL IS LOCATED AT GROESBECK FRIDAY

FORT WORTH, Aug. 16.—(P)—Mary Louise Smith, 8, missing from her home here since Monday, has been found.

She is the home of J. A. Jones, Groesbeck, a friend and distant relative of the girl. Mrs. Frank Smith, Fort Worth, mother of the girl, talked to Mary Louise today, and she said she had been in the first words of the child who left her Monday with the express intention of drowning herself because her pet police dog, Billie, had been found shot.

"Billie is all right," the mother told her, "he is going to get well." The girl was elated over the news. She will be brought home immediately.

PORT WORTH, Aug. 16.—(P)—Eight-year-old Mary Louise Smith still was missing from home today, but her mother, Mrs. J. A. Jones, said she had hope, and was trying to dissipate previous fear that the child, in despair over the death of a pet dog, had drowned herself.

A suggestion by Vera Miller, one of Mary Louise's friends, led to the belief that perhaps Mary Louise had started out with a chest, a map and a road map that had been sent the family, to find her stepfather in San Diego, Texas, and had threatened to drown herself only to throw off pursuit in her intended trip.

The child had been spanked before she disappeared Monday afternoon, and it developed one of the regular checks sent home by Smith had not been cashed and deposited, a duty which Mary Louise previously had performed.

COURTHOUSE NEWS.

District Clerk's Office. The following case was filed: Goldie Thomas vs. S. C. Thomas, divorce. County Court. A white woman was adjudged to be of unsound mind in the county court Friday morning.

Warranty Deeds. J. P. Tarkington, et ux, to J. W. McClellan and T. J. Crowley, east 1-2 of Lots 1, 2 and 3, block 1, C. E. addition, Kerens, \$1,000. R. L. Wheelock, et ux, to C. L. Jester, 1-2 interest in lot 5, block 252, Corsicana, \$7,500.

Constable's Office. A white man was arrested by Deputy Constable E. W. Warnell and City Officer Dave Seaton Thursday night and was charged by complaint in Judge S. B. Jordan's court Friday morning with abduction for the purpose of prostitution. The accused man was in the city jail early Friday morning.

It is alleged by a complaining witness—a 16-year-old girl—that improper advances were made by the accused man, who is married and has two children. The complaining witness alleged that she was employed by the man and that the improper advances occurred while the couple were en route to Corsicana from Henderson county.

Constable J. J. Howard arrested James E. Woodard, negro, Friday morning and lodged him in the county jail. The negro is charged with swindling in connection with the alleged charging of groceries to another negro's account at a grocery store without the consent of the person to whom the groceries were charged.

Doctors Disagree. When children are irritable and peevish, grind their teeth and sleep restlessly, have digestive pains and disturbances, lack of appetite, and have itching eyes, nose and fingers, doctors will not always agree that they are suffering from worms. Many mothers, too, will not believe that their carefully brought up children can have worms. The fact remains that these symptoms will yield, in a great majority of cases, to a few doses of White's Cream Vermifuge, the sure expellant of round and pin worms. If your child has any of these symptoms, try this harmless, old fashioned remedy, which you can get at 35c per bottle from JOHNSON DRUG CO.

TWENTY-EIGHT LOAN FUNDS ARE AVAILABLE FOR TEXAS UNIVERSITY STUDENTS NOW

AUSTIN, Aug. 16.—(Spl)—Loan funds totaling 28 are available for students of the University of Texas. From the George W. Allen Memorial Fund, a loan of \$300 for five years at 6 per cent interest is made each year to a young man or woman residing in Jones county. When Jones county applies, the selection is made from an adjoining county. High degree of ability and character are made a condition for the financial aid and used as a basis in selecting the applicant.

The Carl Stone Benedict Scholarship and Loan Fund, established in 1918, is available to male students in the College of Arts and Sciences, preference being given to members of the sophomore class. Loans are made on suitable security for a reasonable length of time at 4 per cent.

The Brackridge Loan Fund for Women Students in Architecture, Law and Medicine provides for six loans in the department of architecture, five in the school of law, and five in the school of medicine. The maximum amount granted for any session to any one student in medicine is \$240, to any one student in architecture or law, \$200, payable in eight monthly installments. The interest is charged at the rate of 4 per cent.

The Old B Hall Loan Fund is available for needy students who are lineal descendants even to the third and fourth generations of those who lived in B Hall and kept its commandments. For the present, loans limited to \$100 per year will be made to students who have been in the University at least one year and have passed in 24 semester hours of work.

A fund amounting to more than \$100, known as the Eugene Fund, offers loans to worthwhile students who need help. The Chimes Loan Fund, originally intended for the purchase of chimes, is being used as a loan fund, with interest charged at 6 per cent.

The James Archibald Edmond Loan Scholarship provides for some student having shown special attainment in the social sciences. The Grand Oldright Loan Fund is offered for reasonable lengths of time at a small rate of interest.

AWAIT RULING ON USE OF MAINTENANCE FUNDS FOR SALARIES

AUSTIN, Aug. 19.—(P)—R. B. Walthall, chairman of the state board of control, today expected a ruling from the attorney general's department which will determine the fate of 200 women workers in state eleemosynary institutions, whose salaries were slashed from the 1929-30 budget through reductions in the budget by Governor Moody.

Walthall has asked for an opinion as to whether general maintenance funds for eleemosynary institutions may be used as salaries for the women workers. In a recent statement the board of control head said reductions in the 12-hour shifts to be resumed in insane asylums and other state operated institutions in violation of the 54-hour law. Women now are employed eight hours daily.

When the labor department brought suit against superintendent of eleemosynary institutions 18 months ago as a result of alleged violation of the 54-hour law, the difficulty was adjusted by a ruling from the attorney general permitting the board of control to use maintenance funds for the hire of additional women employees.

MRS. BELLE BROOKS BURIED THURSDAY IN ROSE HILL CEMETERY

BLOOMING GROVE, Aug. 17.—Mrs. Belle Brooks, 59, died at her home here Wednesday afternoon at 2:30 o'clock following a lingering illness with paralysis and the funeral was conducted at the Central Baptist church Thursday afternoon at 4 o'clock with burial in the Rose Hill cemetery.

She was born in Arkansas, but had resided in this vicinity since three years ago. Surviving are ten children, Mrs. J. E. Revels, Big Sandy; J. M. Brooks, Blooming Grove; Jack Brooks, Barry; Ben Brooks, Blooming Grove; Hardy Brooks, Shawnee, Okla.; Mrs. E. P. White, Wichita Falls; Mrs. Myrtle Woods,

FARM BOARD WILL APPROPRIATE SUM FOR THIS SEASON

(Continued from Page 1)

ton on which a definite value has been fixed by hedging in the future markets.

"The total volume of advances of this sort to be made by the federal farm board will be limited only by the actual requirements of the cotton co-operative associations. It is expected the sum involved for this year's marketing operations will run somewhere between \$5,000,000 and \$10,000,000.

"The effect of the secondary loan by the federal farm board, the association continued, "will be to permit the co-operative association to make settlement with the member growers when the latter desires to sell his cotton without forcing that cotton onto the market at a time when buyers may already be over supplied.

Receipt Ninety Per Cent. "From the Federal intermediate banks and the federal farm board, the association will receive advances equal to 90 per cent of the fixed value. To this amount the cotton associations will add ten per cent from their own capital reserve, which will be in the hands of the growers who are in distress and must have money, and it will at the same time be able to merchandise the cotton in an orderly fashion as the spinning mills of the world require.

Carl Williams of Oklahoma, representing cotton interests on the board, in commenting on the announcement, said "this is just exactly what the cotton growers want."

The board, he said, was ready and willing to go as far as the cotton growers might want on such a basis.

Planned to Seek Aid For Texas Crop

DALLAS, Aug. 1.—(P)—While the Texas Farm Bureau Cotton association had made arrangements for financing movement and marketing of that part of the 1928 Texas cotton crop it controls, the Farmers Marketing association of America has immediately asked the federal farm board to advance \$10,000,000 for the marketing of the cotton held by the farm market association membership. It was announced here today.

Harry Williams, secretary-treasurer of the Texas Farm Bureau Cotton association, said his group was entitled to a material loan from the farm board, due to the fact that the farm bureau association owns and operates numerous cotton gins and warehouses, and has physical properties that would warrant a loan.

"We have already arranged for financing this year's crop, and for that reason do not find it necessary to ask federal aid at this time," he said.

E. B. Year, president of the Farmers Marketing association of America, said his organization was determined that the cotton growers of the south shall have a determinative voice in the price of cotton.

It is not probable that we will ever attempt to compete with the Texas Farm Bureau Cotton association, which group is not interested in setting the crop price," he added.

The route is proposed from Blooming Grove to Cottonwood school house, Dresden, R. V. and Carroll school and back to Blooming Grove.

Cream Supper

There will be an ice cream supper at Angus Baptist Church Friday night, August 23rd, benefit of church. Everybody invited.

English Textile Workers Are Back

MANCHESTER, Aug. 19.—(P)—Lancashire went to work today after three weeks of paralysis of the cotton industry. The drone of machinery as 50,000 mill hands resumed their tasks, and smoke pouring from tall chimneys all through the factory towns proclaimed the end of the stoppage that cost workers and employers many millions of pounds.

CONTRACT LET FOR MODERN GAS FILLING STATION FOR GEN-TEX

Contract has been let to J. E. Metcalf and Son, general building contractors, by the Gen-Tex Refining company for the contracting of the corner building of the Drane and McKee garage, at Main and Collin streets into a modern drive-in filling station, and work will begin at once on the remodeling of the structure, J. E. Metcalf stated Saturday morning.

The new filling station will be modern in all respects and when completed will represent an outlay of \$10,000 by the Gen-Tex company. The gasoline pumps, which have been operated from the curb line by the Drane and McKee garage and later by the Gen-Tex company, will be placed inside along the lines of the driveway that will lead through the building from Main to Collin and from Collin to Main streets. In fact, it will be made into one of the most modern plants of its kind in this city, and it is expected that it will be the head station for the several stations operated in Corsicana by the Gen-Tex people.

The same materials will enter into the remodeled station as represented in the present structure, and the station will occupy a frontage of 65 by 65 feet on Main and Collin Streets.

The office of Drane and McKee has been moved to the Twelfth street side of their large garage and storage plant, as has been the repair plant. The north part of the building facing on Main street will be retained by Drane and McKee as a tire repair and storage station, and the tube and tire repair office will be maintained at its present location on Main street.

Run-Down

"About seven years ago, I was all run-down, worn-out and never felt good," says Mrs. Mary Cantrell, of Cape Girardeau, Mo. "A chair would be more welcome any time than my work."

"I was so tired when I would arise in the morning, instead of being rested, I felt terrible. At last, mother told me to take Cardui, and I did. After it first bottle, I could tell a difference, and when I had taken five bottles the tired feeling was all gone. I felt like a different person, thanks to Cardui. I hope that other mothers will try Cardui. I have been wonderfully benefited by it."

Try Cardui for your troubles.

FIFTEEN SAILORS DROWN WHEN SHIPS CRASH NORTH SEA

ONLY TEN MEMBERS SPAN-
ISH STEAMER'S CREW
SAVED BY TUG

LONDON, Aug. 19.—(P)—Fifteen members of the crew of the Spanish steamer Ogoni were drowned yesterday when their boat was "rammed and sunk by the British tug King's Cross in the North Sea 30 miles off Humber. The King's Cross, badly damaged, picked up the remaining members of the crew. The Ogoni was struck amidships and sank in six minutes, the crew of 25 having no time to launch its boats. The King's Cross after it went down picked up eight members of the crew who clung to a lifeboat and two others struggling in the water. The drowned included the ship's captain and all officers with the exception of Second Mate Ugaldia. The survivors were landed by the King's Cross at Grimsby. The King's Cross bow was badly damaged.

Second Mate Ugaldia said he was on the bridge with Captain Sandina at 8 a. m. when he saw the lights of a ship approaching and heard short blasts from the siren. Almost immediately the collision occurred, the Ogoni taking a big list and rapidly sinking.

Captain G. Anderson of the King's Cross said his boat cruised for two hours after the last man was picked up without finding further sign of life.

Stenographic School Opens September 2nd

E. G. Brown, formerly of Cincinnati, has arrived in Corsicana to take over the Rice Stenographic School, which he purchased recently. Mr. Brown will make his permanent home here in the future. It was announced by Mr. Brown the school would be open for the regular fall and winter terms September 2.

BLACK MAGIC, SURE
NEW YORK, Aug. 19.—(P)—The Ovimundu, natives of the west coast of Africa, regarded speech-recording devices as black magic. W. D. Humby, leader of the Frederick H. Rawson, field museum ethnological expedition, has found great difficulty in inducing them to talk and sing into recording instruments. They pose for pictures readily.

One Killed, Many Injured in Conflict Of Vienna Factions

VIENNA, Aug. 19.—(P)—One person was killed and 62 were wounded, 12 seriously, in fighting last night and today between members of the socialist Schutzbund and the anti-socialist Heimwehr at Saint Lorenzen.

The Heimwehr, armed with a machine gun and with snipers firing from the tower of the town hall, exacted the greatest toll, killing one socialist and injuring those twelve whose wounds were regarded as grave. Other casualties were divided between the two factions.

The socialists, participating in a party banquet, were taken by surprise, believing the Heimwehr members to be holding a demonstration at Theodor. They claimed to have been unarmed and to have attended the feast unprepared for trouble.

The fighting was the result of the socialist scheduling a speaker who was distasteful to Heimwehr members.

INVESTIGATE FEE SYSTEM WORKINGS IN TARRANT COUNTY

LEGISLATIVE COMMITTEE
STARTS FIRST OF SERIES
OF PROBES

FORT WORTH, Aug. 19.—(P)—An investigation of offices in Tarrant county operated under the Texas fee system was underway today by a joint legislative committee. Witnesses will be summoned to determine the exact amount of office holders receive yearly from salaries and fees.

The meeting here is a forerunner of investigations to be held in other Texas cities. The committee to investigate fees was appointed by the last legislature after a bill limiting salaries to \$10,000 yearly had been defeated. That the investigation will be of the fee law and not of individual office holders was made plain by Senator Pink L. Parrish, chairman. It was pointed out many of the feeholders receive more than \$10,000 annually, or more than United States senators, and it is believed this amount is too large. The practice of paying ex-officio fees will also be investigated in some sections, elected officers continued to receive fees even after they retired from office. Also the outcome of allowing persons other than county and district attorneys to file tax suits on a commission basis will come in for discussion.

H. R. Smalley Has Purchased Business

Another Record A Million Six-Cylinder Chrevolets

On the Road
In Less Than Eight Months

Less than eight months have elapsed since the first Chevrolet Six was delivered into the hands of an owner—and already there are more than a million six-cylinder Chrevolets on the road! And the reasons for this overwhelming success are easy to understand.

Its beautiful new bodies — which are available in a variety of colors — represent one of Fisher's greatest style triumphs. And its safety and handling ease are so outstanding that it's a sheer delight to sit at the wheel and drive. In fact, the new Chevrolet Six has completely changed every previous idea as to what the buyer of a low-priced car has a right to expect for his money.

Into a price field that had hitherto been occupied exclusively by four-cylinder cars — Chevrolet has introduced a six-cylinder car of amazing quality and value. Not only does it offer the smooth, quiet, velvety performance of a great six-cylinder valve-in head motor—but, from every standpoint — it is a finer automobile than was ever before thought possible at such low prices!

You owe it to yourself, as a careful buyer, to see and drive this car. For it gives you every advantage of a fine six-cylinder automobile—in the price range of the four and with economy of better than 20 miles to the gallon! Come in today!

MOTHERS CLASS LED ATTENDANCE SUNDAY AT METHODIST S. S.

The Mothers' Class, Mrs. R. B. Mitchell, president, led all other classes in attendance at the First Methodist Sunday school Sunday with 71 present. The newly formed Brotherhood Class had 35 present and the total attendance at Sunday school was 453. Last Sunday 450, the corresponding Sunday last year 453.

In the adult department of the Sunday school, Boyce Martin presided. Mrs. Minnie Sutton presided at the piano. Jack Haslam led the singing and Lawrence Treadwell was the principal speaker. Mr. Treadwell told of his recent trip to Yellowstone Park, Salt Lake City and other points. He spent some time explaining about the Mormon Temple and auditorium at Salt Lake City.

In the Brotherhood Class, C. T. Banister, president, presided. Geo. W. Boyd, secretary, made the report. Fred H. D. Fellers taught the class and E. E. Babers, chairman of the attendance committee, announced that the class had accepted the membership contest with the Mothers' Class, effective September 1. The attendance in this class Sunday was the lowest since the organization.

At the morning church hour the choir sang an anthem. Boyce Martin made a three-minute talk on church finances, and Rev. Van W. Harrell preached from the theme, "Why Go to Church?" Rev. Mr. Harrell giving many reasons why one should go to church and should support the church and its program but stated that the principal reason one should go to church was to worship God.

Among the announcements made was that no night church services would be held next Sunday night, and no prayer services Wednesday night. On next Sunday morning there will be Sunday school and church as usual with an out of town preacher filling the pulpit. A special called meeting of the Board of Stewards will be held Monday night at 8:15, and in the young peoples department it was stated that this department would have a watermelon party at the Lakeview Country club Tuesday evening at 6:45 o'clock.

On next Sunday morning Lawrence Treadwell will teach the Brotherhood Bible Class.

New Teague Power And Light Plant Is Nearing Completion

TEAGUE, Aug. 19.—(SP)—Progress is reported by City Secretary Sims on the new municipal electric light and power plant being installed by the Fairbanks-Morse Machinery company. The building is practically completed, and the machinery has been shipped from the Fairbanks-Morse factory.

The fuel tanks are already here and will be installed shortly. The line crew is going ahead with the piling of poles and will later string the lines.

It is expected that the plant will probably be ready for operation by October 15.

SOLICITING FUNDS.
A representative of the Greenville Orphanage and Old Folks' Home for negroes is in Corsicana soliciting funds from both the whites and blacks for the upkeep of this institution. The institution has 50 acres of land known as Sand Ridge, located at Greenville, Texas. An extensive program of expansion has been planned and funds are badly needed, according to officers of the institution.

DIED IN FORT WORTH.
Alvis Thomas, well known in musical circles of Corsicana and Navarro county, died recently in Fort Worth following an appendicitis operation and was buried in Fort Worth, according to information received here by friends.
Mr. Thomas was not only well known by the radio fans of this section as a singer, but also was the announcer at KFQB, Fort Worth.

NUMEROUS CHANGES IN GAME LAWS MADE BY LEGISLATURE; HUNT DOVE-QUAIL DECEMBER

BY PAUL MOORE.

A large number of restrictions have been placed on the hunters in Texas and a number of the seasons for hunting have been changed by the Texas legislature in its recent sessions. In Navarro county, the shooting of doves will not be lawful until December 1 instead of September 1 as has been the law for a number of years. The writer has received a number of queries with reference to the open season for doves and below is reproduced the statute passed by the Texas legislature at the first called session:

"Article 879. There shall be an open season or period of time when it shall be lawful to hunt, take or kill wild mourning doves in the north zone during the months of September and October of each year, and in the South zone during the months of October and November of each year, provided, however, that it shall be unlawful to hunt or kill wild mourning doves except during the period of time from December 1 to January 15, both days inclusive of each year, in the following counties: Lamar, Red River, Bowie, Delta, Hopkins, Franklin, Titus, Morris, Cass, Wood, Camp, Upshur, Marion, Harrison, Gregg, Smith, Van Zandt, Kaufman, Panola, Rusk, Cherokee, Henderson, NAVARRO, Hill, Johnson, Hood, Somervell, Erath, Hamilton, Bosque, Coryell, McLennan, Limestone, Freestone, Anderson, Bell, Milam, Robertson, Leon, Houston, Nacogdoches, Shelby, Sabine, San Augustine, Angelina, Trinity, Madison, Walker, Grimes, Brazos, Burleson, Washington, Lee, Bastrop, Fayette, Austin, Waller, Lavaca, DeWitt, Goliad, Victoria, Calhoun, Fort Bend, Montgomery, San Jacinto, Polk, Tyler, Jasper, Newton, Orange, Jefferson, Hardin, Liberty, Chambers and Falls.

"Provided that the open season for killing wild mourning doves for the counties of Archer, Baylor, Clay, Denton, Grayson, Collin, Fannin, Knox, Lamar, Kaufman, Rockwall, Wichita, and Young shall be between September 15, to and including November 1 of each year.

"Provided however, that the open season for killing wild mourning doves in the counties of Gillespie, Kerr, Kimble, Mason, Llano, San Saba, McCulloch, Menard, and Blanco shall be during the months of October and November of each year, and at all other time of the year it shall be unlawful to kill such wild mourning doves in any of said names counties."

Clay Nash, Navarro county judge, stated Saturday afternoon that the new regulation provided for the hunting of doves Dec. 1 to Jan. 15 suspended the old regulation. He also called the attention of the hunters to the new regulation which prohibits hunters stepping from their cars on the public highways and shooting at birds or beasts. The enactment reads: "Any person who shoots or discharges a gun, pistol or firearm, in, or along or across any public road shall be fined not more than \$100."

The original purpose of the above enactment was not to save the birds sitting on fences or telephone wires, but it will effect the saving of thousands and

nually from slaughter in this fashion.

The open season for bear is from November 18 to December 31. Deer, white tail, Nov. 16 to Dec. 31; black tail or mule deer, east of Pecos river, Nov. 16 to Dec. 31, and west of Pecos river, Nov. 16 to Dec. 30. Bastrop, Hemphill, Rogers, Hutchinson, Callahan, Eastland, Stephens, Palo Pinto and Parker counties are closed until 1934.

White wing doves can be hunted over the entire state from August 8 to October 31.

Ducks, except wood ducks, geese, brandt, snipe, Gallinules, and mud hens—north zone, Oct. 16 to Jan. 31, south zone, Nov. 1 to Jan. 31.

It will be noted that Navarro county is in the north zone of Texas.

"Fringes chickens—both zones open season, Sept. 14, both days inclusive, except in Wheeler and Collingsworth counties which are both closed until 1931.

Quails and Mexican pheasants—both zones, December 1 to January 15.

Ralls, except coot and gallinules, both zones, September and October.

Squirrels—Open season May, June, July, November, December and January in Marion, Cass, Bowie, Morris and Smith counties. November, December and January—Panola, Rusk, Angelina, Tyler, Sabine, San Augustine, Nacogdoches, Jasper, Newton, Cherokee, Jefferson, Orange, Hardin, Liberty, Shelby, San Patricio, Chambers, Polk, Trinity, San Jacinto and Walker counties.

Open season all year—DeWitt, Caldwell, Guadalupe, San Saba, Mason, Gillespie, Llano, Jimble, Menard, Comal, McCulloch, Brown, Kerr, Burnet, Mills, Schleicher, Edwards, Gonzales, Austin, Real, Kendall, Wharton, Bandera, Lavaca, Fayette, Colorado, Callahan, Stephens, Eastland, Bastrop, Travis, Dimmitt, Zavala, Blanco, Lampasas, Hamilton, Coryell, Matagorda, Brazoria, Washington, Throckmorton, Karnes, Wilson, Comanche, Hays, Goliad, Fort

Community Fairs In Van Zandt Be Held Coming Fall

WILLS POINT, Aug. 19.—(SP)—Many community fairs will be held in this section during the month of September and the various communities will bring exhibits selected at the local fair to the Free State Fair, September 13-21.

The fair at Edgewood will be held Sept. 12, 13 and 14. J. P. Downs is president of the fair and Dr. J. W. Loving, secretary.

The fair at Hiram will be held Sept. 6 and 7. Dr. Belote is president of the association.

Other community fairs in the county will be held at Martin's Mill, Phalba and Browning. Several other fairs are planned but no definite arrangements have been made.

Bend, Erath, Bosque, Hill, Waller, Tarrant, Wise, Cooke and Montague.

The remainder of the state, which includes NAVARRO county, the open season for squirrels is the months of May, June, July, October, November and December.

Turkey Hunting.
Callahan, Eastland, Stephens, Palo Pinto and Shackelford counties are closed for turkey hunting until 1934. Cameron, Eldorado, Starr, Willacy, Kenedy, Brooks, Kleburg and Nueces counties are closed until Nov. 15, 1930.

The remainder of the state is open from Nov. 16 to December 31 of each year.

The zone line of Texas begins at the Rio Grande river west of Del Rio; thence to Del Rio; thence east along the Southern Pacific railroad lines to San Antonio; thence each along the I. and G. N. railroad to Austin; then along the H. and T. C. R. R. east to the Brazos river; thence north to where the Beaumont branch of the Santa Fe crosses the river; thence along H. E. & W. T. railway to the Texas-Louisiana border. That territory south and east of the above described line is known and designated as the south zone and that territory north and west of the zone line is known as the north zone.

ESTALEEN EDWARDS WRITES INTERESTING LETTER TO FRIENDS

Letters to friends from Miss Estaleen Edwards, former chamber of commerce secretary, now at Maracabo, Venezuela, where she is secretary to the chief engineer of the Gulf Company, are very interesting and indicate the former Corsicana girl is thoroughly enjoying her new place of residence.

"The trip down on the boat was wonderful," Miss Edwards writes. "Didn't get seasick at all and there was a nice bunch of people on the boat. My roommate was an attractive girl from Providence, R. I. We had about ten people on the boat from Texas and one of the passengers was a former Beaumont schoolmate of mine.

"Our recreational diversions consist of swimming, surf boat riding and yachting. Naturally I got sunburned at the start and have now reached the peeling stage.

"Maracabo is a much nicer town than any of those at which we stopped on the way down. San Juan is interesting. La Guaira and Caracas have the loveliest scenery in the world. I would love to have a house on top of one of the wonderful mountains at LaGuaira overlooking the ocean. I can't describe the beauty of it.

"Curacao is an interesting mixed Spanish and Dutch place, with people from all over the world living there. But it is hot and dry. We went out into the country from town for about eight miles to an ostrich farm and the country is slightly rolling with mesquite, cactus and other thorny bushes—much like parts of West Texas. At Curacao there is a rickety old bridge across the channel connecting the ocean and bay. It is a toll bridge and pedestrians have to pay one Dutch penny to cross if they are barefooted and two if they have shoes on. We started to take off our shoes and stockings but found the Dutch penny was equal to about one fourth the value of one of ours and decided it was not worth the trouble. Curacao is a duty free port and one can buy the most expensive and every variety of perfume at about half the cost it is in the states. And the loveliest handwork I think I will get some when I start home."

WILL TEACI IN BOSTON
WILLS POINT, Aug. 19.—(SP)—Miss Peggy Montague has accepted a position as teacher of English in the high schools of Boston, Mass. Miss Montague was reared in Wills Point and is a graduate of the local high school. She has taught in the schools of Port Arthur for the past several years.

Cotton Coming in Fast at Thornton

THORNTON, Aug. 19.—(SP)—Thornton's cotton crop is coming in fast as the hot dry weather continues. Poles purchased to kill worms and weevil with is being used by some, but others are holding the poles waiting for the sun-

shine to do the job. The cotton is much earlier than usual, opening very fast. Already 275 bales of cotton have been weighed here, and wagons are lined up at the gins.

FUNERAL SERVICES MONDAY MORNING FOR FORMER CORSICANAN

**A. H. CHRISTIAN DIED IN
TULSA, OKLAHOMA, SAT-
URDAY MORNING**

Funeral services for A. H. Christian, aged 50 years, who died at his home in Tulsa, Okla., early Saturday morning, were held from 10 o'clock Monday morning, with interment following in Oakwood cemetery. Services were conducted by the Rev. Van W. Harrell, assistant pastor of the First Methodist church, and a quartette composed of Mrs. Harry Blanding, Mrs. Sarah Frances Marshall and Messrs. Sam Blair and Chris L. Knox, gave favorite hymns during the services at the house and at the grave.

Funeral bearers were E. M. Polk, Sr., J. S. Murchison, Wesley Redden, Sydney Story, Wayne R. Howell and L. C. Coulson.

The body of Mr. Christian was brought to Corsicana Sunday morning, and was held at the home of the Sutherland family until late in the afternoon, when it was taken to the home of Dr. and Mrs. L. C. Polk at the corner of Twenty-third street and Sycamore avenue. Deceased had been a resident of Corsicana some twenty-five years ago, but had resided in Oklahoma for many years where he married. He was a quiet and unassuming man and held his friends closely attached to him by his courteous and kindly manner.

Surviving are his wife, his mother, Mrs. Julia Christian, LaFayette, Ala.; three sisters, Mrs. J. A. Hines, LaFayette, Ala.; Mrs. M. C. Flagg, Muskogee, Okla.; and one brother, W. C. Christian of Muskogee. These and other relatives were in attendance upon the funeral Monday morning, and followed the remains to the grave, which was banked high with beautiful flowers sent by friends who knew and loved Mr. Christian in his life.

FURTHER MEETINGS NECESSARY BEFORE STATE RATE KNOWN

AUSTIN, Aug. 19.—(P)—Another session of the state board of education this week will be necessary before the state rate for the year can be made known to tax collectors of the 262 counties. The tax collecting period opens October 1.

The automatic tax board after fixing the ad valorem and Confederate pension levies Saturday failed to take action on the school allotment. The board of education will meet and fix the school allotment before the tax board decides on the school rate.

The ad valorem rate was fixed at thirty cents, an increase of eight cents over the past year. Twenty-two cents and the pension levy was left at seven cents the constitutional limit.

The board has under consideration reduction of the 35 cent constitutional limit for school purposes. The school fund levy has been thirty-five cents ever since the constitutional limit was raised from twenty cents in 1918.

Slender Lines In Black Satin

The matured figure will welcome this smart frock because of its long, slenderizing lines, running from the collarless bodice to the straight front pleats of the skirt. There is a crossed vestee and tiny cuffs of contrasting material. The girle holds the hips snugly in accepted manner.

Satin is extremely smart for Fall, and particularly lovely in black, brown or very dark green. Design 1226 will also be charming fashioned of printed silk crepe, if very tiny patterns are chosen. The trimming may be white, beige or flesh silk crepe.

May be obtained only in sizes 36, 38, 40, 42, 44, 46 and 48.

Size 40 requires 1-8 yards of 40 inch material and 3-4 yard trimmings.

This model is easy to make. No dressmaking experience is necessary. Each pattern comes to you with simple and exact instructions, including yardage for every size. A perfect fit is guaranteed.

Patterns will be delivered upon receipt of FIFTEEN CENTS (15c) in coins, carefully wrapped or stamps. Be sure to write plainly your NAME, ADDRESS, STYLE NUMBER and SIZE wanted.

Our LATEST FASHION BOOK will be sent upon receipt of TEN CENTS in coin. Address all mail and orders to Corsicana Daily Sun Pattern Department, 243 West 17th Street, New York City.

**CUMULATIVE EVIDENCE THAT
PANTAGES HAD ATTEMPTED TO
ATTACK GIRLS IN HIS EMPLOY**

LOS ANGELES, Aug. 19.—(P)—The district attorney's office today had three new accusations in the form of affidavits by young women against Alexander Pantages, 54-year-old theater magnate, charged with criminally attacking Eunice Pringle, 17-year-old dancer. The affidavits, one a 38 page deposition, were offered voluntarily. District Attorney E. F. Fitts stated in Pantages' theater here.

The principal deposition, which Fitts said named other young women as having received attentions similar to those assertedly forced upon Miss Pringle by Pantages, was made by a girl who stated the attempted attack upon her occurred about a year ago.

The young woman was quoted as stating that while employed by

Pantages, she was summoned to his private office "for questioning."

After asking her about her work, the theater magnate made a point blank proposal which "set her rage aflame."

The deposition continued that Pantages used insulting language to her and then attempted to employ force. She related she escaped, feeling from the office and the building.

"I never went back there; I knew I wouldn't have a job," she declared.

It was indicated the district attorney would question other girls named in the deposition to check the statements.

Pantages, at liberty under \$25,000 bond, was to be arraigned today for the setting of his trial date.

**OKLAHOMA FOREST
FIRES REPORTED BE
BEYOND CONTROL**

OKLAHOMA CITY, Aug. 19.—(P)—Five forest fires in southeastern Oklahoma were out of control, and four new fires were under way, it was said in a report today by George R. Phillips, state forester.

The fires are in northern McCurtain, southern LeFlore and eastern Pushmataha counties.

Reports received by Phillips show that 120 fires have burned over an area estimated at 25,000 acres in these counties since August 1. This does not include the fires in a vast area surrounding the protecting unit within which the Oklahoma forest service has a fire fighting organization.

Continued dry and windy weather has caused vast losses.

Judge W. W. Clifton assessed a \$25 fine against the person whose turban of the peace during the week-end.

**GIRL IS DRAGGED
AGAINST FENCE BY
HORSE; BADLY HURT**

Marie Elliott, 14-year-old daughter of Mrs. J. W. Elliott of Navarro is in the Navarro County Hospital in a serious condition as a result of injuries received when a horse she was riding dragged her against a barbed wire fence.

The injured girl was brought to Corsicana in a Corley-McMahon ambulance about 10:30 Saturday evening in an unconscious condition, and she did not regain consciousness until late Sunday afternoon.

She was reported resting fairly well Monday and it was not thought by attending physicians that the hurts would prove fatal.

The right thigh was three-quarters severed, and a severe wound was made in the right ankle at the joint as she was dragged against the wire. Shock and a slight concussion were assigned by physicians as the cause of the coma.

Members of the family had thought that the girl was playing about the house, but her continued absence caused a search and she was found badly injured. She stated Monday morning that she had been riding the horse. The accident occurred near the Gulf-Crewe lease.

NEW YORK POLICE DRAGGING EAST RIVER IN EFFORT FIND BODY OF YOUNG TEXAS WOMAN

NEW YORK, Aug. 19.—(P)—Police were dragging the East River today in their search for a young Texas matron who disappeared shortly after she had appealed to Vice-President Curtis to help her enter a career as a song writer.

A woman believed to be Mrs. W. C. Edwards of Beaumont, Tex., on Saturday night walked up to a little girl near the Brooklyn bridge, handed her a note and asked the way to the river.

The note read:
"I'm leaving on a long journey; will you please send this stuff to my mother."

In a valise which police located in the Pennsylvania station through a baggage check inclosed with the note, were found two letters of introduction for Miss Lolo Enloe of Beaumont, Tex., to New York song publishers. The letters, referring to Miss Enloe as a song writer, were written on stationery of the office of Vice-president Curtis and were signed by a brother of the vice-president's secretary.

Also in the valise was a letter addressed to Mrs. W. C. Edwards, 102 Brandon street, Beaumont, and a clipping indicating Mrs. Edwards had charge of a children's hour over station KFDH at Beaumont.

Advices from Beaumont were that Lola Enloe was the maiden name of Mrs. W. C. Edwards, who had left Beaumont for New York about two weeks ago. She was interested in song writing.

Vice-president Curtis recalled meeting a young woman, who asked him to help her start on a career of song writing in New York, last Thursday. The vice-president referred her to his secretary's brother, himself a song writer, who wrote letters of introduction for her.

A suggestion that the woman's disappearance was a publicity stunt was discarded by Detective James Anderson, in charge of the case, who said the old clothes found in the valise would not support that explanation.

Police today received from Mrs. Florence Enloe of 10 Brandon avenue, Beaumont, a telegram begging them to search for her daughter, Lola.

"Please do everything possible to find my girl," the message read, "I fear it was she who jumped into river Saturday night. She had a great sorrow and had written it in songs and was in New York to sell them."

**Missing Woman Was
Radio Entertainer**

BEAUMONT, Aug. 19.—(P)—Mrs. W. C. Edwards, for whose body the East River in New York was dragged, had been here for the Eastern metropolis two weeks ago. Although the nature of her visit was not disclosed, friends presumed it was in the interest of the publication of songs she had composed. About four years ago, Mrs. Edwards was a prominent Texas radio entertainer, having taken for herself the name of "Miss Magnolia Blossom."

Before her first marriage to W. C. Edwards she was Miss Lola Enloe. A year ago the couple was divorced, and a short time later she was married to T. A. French. This marriage also culminated in a divorce a month later.

**WESTWARD FLIGHT
TO AMERICA BEING
ATTEMPTED BY SWISS**

(Continued from Page 1)

used by the Frenchmen Bailly and Reginald which recently flew from Paris to Saigon, French Indo China.

The two aviators, with a third, Alfred Tschopp, flew here last Saturday from Le Bourget, France, stopping twice en route. Previously they had flown to Le Bourget, France, from Zurich, Switzerland.

They landed at Alberca airdrome with so little ostentation was two days before residents generally were acquainted with their presence or their intention to begin here a trans-Atlantic flight.

They conducted their preparations for their flight in secret.

They carried a vacuum bottle filled with coffee, a quantity of milk, 15 sandwiches, some eggs and chocolate. They also had with them an apparatus to distill sea water.

The course laid out from Lisbon to Halifax, via Azores, was something in excess of 3,000 miles, of which about 950 miles represented the flight to Horta. It was their first intention to land in the Azores if they found their fuel supply would be insufficient for the venture, but when the government informed them the landing field was not in shape for them to come down, they announced they would return if the contingency arose.

LISBON, Portugal, Aug. 19.—(P)—A wireless message from the German steamer Werra this afternoon reported sighting the Swiss airplane "Young Switzerland" about 175 miles due west of Lisbon headed towards the west. The steamer, bound for Brazil from Oporto, did not give the time but stated the position as Latitude 38.48 North and Longitude 11.3 West.

THE COTTON CROP.

This is the time of the year when the cotton crop is at its lowest ebb. The pessimist sees only the dark side while the optimist keeps his figures high. The conservative strikes a fair average. Nature seems to take care of the situation every season and after all is said and done Navarro county never fails to produce a fair crop.

Observers in Navarro county who have been keeping in close touch with the cotton conditions do not hesitate to place the crop at around 88,000 bales as the crop now stands. When they give these figures they hasten to add that there is a potential crop of around 100,000 bales. This is a critical period. A favorable change in weather conditions and fifteen or twenty thousand bales could be added almost over night. Regardless of what may happen all indications point to a good crop and before the season is over this county in all probability will crowd 90,000 bales which is much better than a fair crop.

DISAPPOINTED MORALISTS.

A report from a famous summer colony of artists, poets and others of similar temperaments indicate that a very even and placid life is led by the sojourners, who there for rest and an opportunity to carry on some particular piece of work which engages them. A sober, serious gathering of folk it is, exhibiting no Bohemian idiosyncracies; quite different from the manner in which persons of the Greenwich village type are commonly pictured.

Greenwich Village itself was recently combed over by a corps of social-religious "workers" in an effort to discover the devotees of the pagan Psyche. After a thorough visitation of the homes of the art colonists, the report was given out that the sophisticated wickedness associated with art colonies does not exist. Every doorbell was rung in the moral raid, but instead of bacchanalian scenes the righteous raiders found men and women living normal, married lives.

The moral raider is becoming less and less a personage in these modern times, when vice is usually obvious enough for the police to attend it, and virtue does not care to flaunt itself to the public view. The imputing of evil where it does not exist usually comes from persons by whom a kind of life not lived by them is superficially dubbed a wrong kind of life.

UNANIMOUS.

Every state in the Union now relies upon a gasoline tax as a principal source of revenue for highway building and maintenance. Illinois, the last state to enter the list, began the collection of a three-cent tax on gasoline last week.

This belated adoption of a practice that was initiated about 10 years ago was not due to any opposition to such a levy in Illinois. It was the result of a defect in a former law, which was declared unconstitutional after being in effect several weeks. This defect was remedied at the last session of the legislature, and now Illinois looks forward to the collection during the next two and one-half years of \$62,000,000 in road-building revenue from this source. The should be ample for the state's road-building program, as Illinois already has an excellent highway system.

Modesty is a virtue, doubtless, but the man who blows his own horn usually is able to raise the wind.

ACTS, NOT WORDS, COUNT.

One's life should not be measured by words, but by service.

Its history should be not so much a record of words as of acts. Its influence is not in proportion to man's years, but to his righteousness. He has been of service to his fellows to the extent that his deeds have been constructive.

It is not so much the evil things one has refrained from doing as the good things he has done.

Positiveness on the side of right gets him somewhere. It builds, it lifts, it purifies and ennobles.

Quiescent good is not a force for right. It does no more good than it does harm—not as much.

Action is as imperatively demanded in mental and spiritual things as in material. It is not he who offers no discouraging words who cheers and comforts, but he who speaks the word of encouragement. Keeping silent when one's friend is overwhelmed with grief does not comfort him. It is the friendly hand upon his shoulder, the sympathetic word in his ear, the act of helpfulness in his behalf that means something to him. It is he who gives the "cup of cold water" who earns the gratitude of the thirsty, and not he who simply does not prevent the thirsty from getting it himself.

The negative man is a failure.

He may pull back, but those who pull forward have to carry his weight.

He is a burden that is not worth the energy that would take him a mile.

He is a consumer, not a producer. He uses the light but creates none. He slackens his thirst, but refuses to go to the well for water.

The inactive man may take no part in the persecution but he holds the coats of those who stone Stephen.

He would offer no help in cultivating the soil, but would consume his share of the fruits of the toil of others. He would not aid in repelling the enemy from his native land, but would enjoy the tranquility of peace and the blessings of liberty earned by his compatriots.

The life of service is the happy life.

Inactivity superinduces indifference, and indifference means sooner or later criminal negligence, sloth and "filthy rags." The principle of righteous activity is included in the economy of life. It is in the created universe, in all nature.

The fact that man is given the ability and intelligence to work, that he knows what is constructive and what is destructive carries with it the implied command, "Work while it is day, for the night cometh when no man can work."

He who rests in idleness will not only be useless to those about him, but will develop a mental attitude that is certain to effect for ill, not only himself, but those about him.

The mother who will shirk the duty of caring for her child will shirk any responsibility that is placed in her. If she will not take the responsibility of raising her own child she will not make a good president of her favorite club for in club work as in home work when the irksome duties arise to be performed she will pass the buck. She may think she is getting away with it but she is fooling no one but herself.

An African explorer found an American typewriter in the council house of a jungle chief. It is not reported which of his favorite wives was wearing the ribbon.

Drunken motorists remain a greater menace than drunken aviators. The motorist is often able to repeat his offense. The aviator, almost never.

Another claim we have always felt was more or less wildly exaggerated is anything to the effect that this or that will discourage ants.

Here it is August and we are not yet in receipt of the Washington hot wave dispatch about someone frying an egg on the capital steps.

PREFERENCE FOR VETERANS.

In a statement made to Congressman Ludlow, of Indiana, replying to an inquiry as to the policy of the United States census bureau toward veterans of the World war, Director Stewart removes all doubt that veterans and their wives and widows will be given first preference in the organization that is to take the fifteenth census next year.

He quotes the language of the census act which he construes to mean that it was the intent of congress to give preference to veterans, whether disabled or not, and to their wives or widows.

Approximately 100,000 enumerators will be appointed throughout the country. They will be required to take examinations but not subject to civil service requirements. The examination, Director Stewart says, will consist of the answering of a number of inquiries to enable the office to decide upon the qualifications, and also to prepare a census report for population, agriculture, etc., based upon a narrative furnished by the bureau of the census for this purpose.

Selection of the enumerators will soon begin, and it is believed that all appointees must demonstrate their ability to do the work, and must have qualifications at least equal to those of other applicants.

KNOW TEXAS.

In the 1920 census Texas had 805,920 citizens of foreign white stock, which included foreign born and those of foreign-born parentage. Of these nearly half—360,519—were foreign born.

Of foreign born, Mexico led with 249,652. Germany was second with 31,062 and Czechoslovakia third with 12,819, although counting England, Wales, Scotland and Ireland, the English-Scotch-Irish were really in third place with 14,124.

Italy was fourth with 8,024, England fifth with 7,685, Russia sixth with 7,057, Austria seventh with 6,441 and Poland eighth with 5,047.

Texas population per square mile is 20.6 on the basis of the 1928 estimated total, the lowest of any of the southern states and lower than all but twelve of the states of the Union. The highest density is in Rhode Island with 573.5 to the square mile, and the lowest is in Nevada with 0.7 persons to each mile of area.

Densest population in Texas is in Dallas county with 360.9 persons to the mile and the most scattered is in Loving county with 0.1 of a person, the population (1928 estimate) being 82 in an area of 753 square miles.

AN EPOCH-MAKING VOYAGE.

It would be quite superfluous to emphasize the world-wide interest which is attending the unprecedented flight now being undertaken by the Graf Zeppelin. The mere fact that the globe-encircling attempt is unique in the annals of aviation is enough to assure the close attention of all mankind.

But the event will be regarded as something more than a spectacular feat. Success will mean increased confidence in the commercial possibilities of the dirigible and a great gain for international air-mindedness.

Dr. Eckener is unquestionably desirous of attaining these latter objectives. He is an experienced captain of the air, long since accustomed to the thrills of long-distance air travel. His sole concern, by this time, must be that of demonstrating beyond fear of contradiction the navigability and aerial prowess of the giant ships to which he has devoted years of work.

What a triumph it will be for the Graf Zeppelin and her grizzled skipper to negotiate the Pacific Ocean and head across the American continent on the home stretch of this epoch-making voyage. The thought itself is enough to stir man's imagination and bring a still keener realization of the notable achievements of this aeronautical age.

ANNEX TO FIRST BAPTIST CHURCH IS SCENE OF BLAZE

THIRD TIME NORRIS CHURCH HAS BEEN ATTACKED BY FLAMES IN RECENT YEARS

FORT WORTH, Aug. 16. (AP)—Fire for the second time this year has struck at the plant of the First Baptist church of Fort Worth of which Dr. J. Frank Norris, noted fundamentalist, is pastor.

Already damaged by a fire last January which swept the main building, the educational building was destroyed today, and only the blackened walls remained standing.

Seven companies of firemen battled for more than an hour to prevent spread of the fire to the church office building, separate from the blazing structure by a narrow alleyway. Presence of a filling station and parking lot added the danger of an explosion if the flames had reached the gasoline tanks.

Billows of smoke pouring into the offices on the upper floors of the four story building caused a hurried exodus of employees. Loss to the building has not yet been estimated.

One fireman was slightly injured by a glancing blow above the eye from a brick which another fireman was attempting to shatter one of the remaining unbroken windows to direct steam escape at another portion of the blaze.

The blaze was started from an acetylene torch with which workmen were cutting the steel girders of the church building in preparation for the erection of a new structure.

FORT WORTH, Aug. 16. (AP)—The educational building of the First Baptist church was ignited by fire of undetermined origin today, Dr. J. Frank Norris, noted fundamentalist, is pastor of the church.

The educational building, an annex to the main church building, was destroyed by fire today, the church structure last January. Workmen have been removing debris from the ruins of the January fire for several days.

Firemen effected investigation to prevent the fire from spreading to the church office building. Virtually all available fire fighting equipment in the downtown area was called out to battle the fire. Police lines were established to control a great crowd, attracted by the smoke.

Fire Pursues Church. Fire in past years persistently has pursued the fortunes of the First Baptist church.

Several years ago, the main church building was burned down, and Dr. Norris was indicted and tried on charges of arson. After one of the most bitter court trials in the history of the state, he was acquitted.

The church was rebuilt, but last January again was destroyed by fire. That investigation resulted in the discovery of a number of cans believed to have contained gasoline, but no definite evidence as to the origin of the fire was uncovered.

Nationally Known. Dr. Norris came into nationwide prominence two years ago when he shot and killed D. E. Chipps, a wealthy Texas lumberman, in the study of the First Baptist church. Dr. Norris claimed that Chipps had threatened his life, and in a murder trial he was acquitted.

Dr. Norris has charged repeatedly that threats have been made against his life and the property of his church as a result of vigorous campaigns he has conducted against so-called vice and criminal elements in Fort Worth and the state at large.

The theory later was advanced that a spark from a torch used to break up steel girders ignited the building.

Right. Frank Norris, pastor of the church, is in Wisconsin on his vacation.

COTTON SELLS OFF AFTER ADVANCE OF NINETEEN POINTS

NEW YORK, Aug. 16. (AP)—Continued reports of deteriorating crop prospects, together with encouraging Manchester, Mill and relatively steady Liverpool cables, led to considerable covering in the cotton market today. Advance of 19 points in the futures and after selling up to 16.40, 19 points net higher, December reacted to 18.25, closing at 18.21. The market closed steady at net advances of 4 to 11 points.

The market closed steady at advance of 1 to 9 points, with cables, and there seemed to be some buying on a private report claiming that the condition of the crop than usual during the past week.

There was covering and some indication of an increased commission house demand, while Liverpool was also a buyer here. The advance met some realizing and the market was working up to 18.08 for October and 18.65 for March contracts during the middle of the day or about 10 to 20 points above yesterday's closing quotations, with October selling down to 17.15, and March to 18.49, or back to about the low level of the morning.

The close was a few points up from the lowest on renewed covering. Bullish features in the statistics came in for some comment in the early hours. Much of the demand was attributed to covering and some traders were inclined to consider the advance due largely to a firm technical position.

Private cables today 8.010, making \$2.503 on far this season. Port receipts 13,101. U. S. port stocks 544,682.

Pipe and Fittings

All sizes, black and galvanized. Prices right.

OIL CITY IRON WORKS.

W. C. Stroube and J. L. Collins will leave Friday for Colorado Springs, Colo.

AUSTIN MAN SELECTED FOR SECRETARY-MANAGER LOCAL CHAMBER COMMERCE FRIDAY

Chamber Secretary

Accepting the unanimous report of the selection committee, the directorate of the Corsicana chamber of commerce named William O. Harwell, for the past five years assistant manager of the Austin chamber of commerce, to the post of secretary-manager of the Corsicana organization, to succeed W. Roy Christian, resigned.

The report of the committee was presented and accepted at a called meeting of the directors Friday morning. Mr. Harwell will assume his duties about September 1.

When the resignation of W. Roy Christian was presented at the last regular meeting of the board, a selection committee composed of Lowry Martin, chairman, T. B. Ferguson, W. P. Brown, and S. W. Marks was named; Mr. Marks however, was unable to serve and W. P. McCammon replaced him on the group.

A number of applicants for the post were received by the committee, and the list was narrowed down to three remaining on a list. These men were asked to come to Corsicana for personal interviews and these were held on Thursday before the selection group augmented by Mayor R. L. Wheelock, President C. L. Jester of the chamber of commerce, G. Elliott, George E. Jester, and I. N. Cerf, presidents of the four Corsicana banks. Mr. Harwell's name was the unanimous first choice of the entire group.

Although but twenty-seven years of age, Harwell has established himself as a man of ability. A native of Tennessee, he later moved to Missouri and was graduated from the Marshall high school. He then accepted a place with the Ely Walker Dry Goods company of St. Louis. A few years later he moved to Austin, where he was further study, the Nixon-Clay Commercial college, he entered the real estate business in the Texas capital. He was later connected with the Walter Tips Wholesale Hardware company and when he moved to Corsicana, he was named assistant credit manager. For the past five years, he has been assistant secretary of the Austin chamber under W. E. Long, reputed to

be one of the ablest executives in Texas.

In 1928, he was selected to head the Austin Community Chest campaign, and carried it through to a successful completion and was later offered the full-time post of director of this work. He also attended the national school for commercial organization secretaries at Northwestern university, Evanston, Ill., in the summer of 1928.

Mr. Harwell is single. After a brief discussion at the Friday session the directorate passed a motion presented by Beauford H. Jester, to employ Mr. Harwell, unanimously. The officers of the chamber were authorized to contract with the new manager for the remainder of the fiscal year and his salary was set at \$300 per month.

The new executive will assume his post as soon after September 1 as possible.

Those attending the meeting Friday included Lowry Martin, E. M. Polk, W. P. McCammon, J. M. Dyer, Sr., I. N. Cerf, B. H. Jester, A. G. Elliott, W. P. Brown, C. L. Jester, J. N. Edens, and J. E. Fortson.

SNOOK'S ATTORNEYS SEEK NEW TRIAL AS REASONS ARE CITED

COLUMBUS, O., Aug. 17. (AP)—Attorneys for Dr. James H. Snook convicted of the murder of a 24-year-old co-ed mistress, today filed a motion for a new trial before Judge Henry L. Scarlett, who set Monday as the tentative date for a hearing on the motion.

The motion, filed by E. O. Rickerts and John F. Seidel, Snook's attorneys, presented various grounds for error in asking a new trial. They claimed the sequestering of the jury as it was carried out, was without value in securing a fair trial, that the jurors were permitted to go to theatres and baseball games, and on one occasion to the home of one of the jurors to be entertained there.

On another, the motion set forth, one of the jurors was taken to the county jail to inspect it, and that the contents of the case were discussed in her cell. The attorneys previously had expressed opinions of prejudice, the motion declared, and had indicated a desire to convict the defendant regardless of the evidence.

YOUNG PONCA CITY ATTORNEY HELD ON SERIOUS CHARGES

PONCA CITY, Okla., Aug. 17. (AP)—F. C. Hyde, young attorney, was in the Key county jail at Newkirk today awaiting arraignment on a charge of attempting to kidnap and kill Samuel C. Collins, former vice-president of the Marland Oil company and brother-in-law of E. W. Marland, wealthy oil man.

Hyde sought to kill Collins, officials say they believe, to cover up alleged shortcuts in a short-circuit, handled by Hyde for Collins, while he was acting as secretary to the business man.

Hyde was arrested in front of Collins' home, officials said, after he had blindfolded Collins, and at the point of a gun, taken him to a car waiting at the curb.

Police, tipped off previously, lay in wait behind some shrubbery, and captured Hyde as he forced Collins into the car.

When caught, the police continue, Hyde had in his possession a quantity of deadly poison, and a pint of whiskey which also contained poison.

Police were informed of the alleged kidnap plot by a man whose name they would not reveal, but who had been asked by Hyde to aid in the plot.

Dawson High School

Is Given Additional

Affiliation Credits

DAWSON, Aug. 16. The Dawson high school has seventeen and one-half credits of affiliation, which entitles its graduates to enter any Texas college without college entrance examinations, and places it on a par with the average Texas high school.

Since the beginning of the last school session, one additional credit in English, one in book-keeping, one on shorthand, two in Spanish, one-half on typewriting and one-half on physiology, have been secured.

The 1929-30 school term will begin about Sept. 15.

CARD OF THANKS

We wish to thank our many friends and neighbors for their kindness during the illness and death of our dear mother.

Mr. and Mrs. D. S. Cobb, Mr. and Mrs. D. H. Cobb, Mr. and Mrs. F. E. Cobb, Mrs. D. E. Smith, Alma Cobb,

WEALTHY OKLAHOMA OIL MAN SCHEDULED TO BE KIDNAPPED

FORMER SECRETARY MARLAND OIL OFFICIAL HELD IN MURDER PLOT

PONCA CITY, Okla., Aug. 16. (AP)—An alleged plot of F. C. Hyde, Ponca City lawyer, to kidnap and poison Samuel C. Collins, wealthy Ponca City citizen, formerly a vice-president of the Marland Oil company, was revealed by Kay county authorities today following the arrest of Hyde in the act of attempting to abduct Collins.

Authorities said that while Hyde's motive was not clear they presumed it was robbery.

Hyde was placed in the county jail at Newkirk and charged with "attempt and conspiracy to kidnap and kill by poisoning."

While Collins was with the Marland Oil Company, as head of the wholesale division, Hyde was his private secretary.

Officers informed. Several days ago authorities were apprised of the purported plot by Hyde to assist him in carrying it out. Advising the man, whose name they withheld, to pretend to go through with Hyde's plan, Bruce Cottrell, county attorney, and Sheriff Joe Cooper subsequently hid in a room in which Hyde met the man to outline details of the scheme, set for execution last night.

Hyde was arrested shortly before midnight at the Collins home as he and his ostensible confederate sought to force Collins into their car after blindfolding him.

A search of Hyde revealed a large quantity of a powerful poison and a pint of whiskey which had been so saturated with the poison, as to be fatal.

Hyde also had a purported draft for \$3,500 on a New York City account of Collins and a check for the same amount, made payable to Hyde. Collins said both were forgeries.

Officers said that part of the poison had not been dissolved.

Hyde also had a purported draft for \$3,500 on a New York City account of Collins and a check for the same amount, made payable to Hyde. Collins said both were forgeries.

Hyde also had a purported draft for \$3,500 on a New York City account of Collins and a check for the same amount, made payable to Hyde. Collins said both were forgeries.

Are you giving your child the right chance?

DO you not marvel when thinking of the inward physical workings of your child—bone, flesh, muscle and brain growing each day—building onward toward manhood or womanhood?

Of course it is the blood stream which carries the millions of tiny red-cells to all parts of the body. And it is the healthy, rich, red-blood-cells that does this building, warding off disease and making for strong and healthy bodies.

When a child's appetite wanes or he loses weight, the complexion becomes sallow or pimples and boils appear—then you instantly know that the inward mechanism is not working properly—that a good blood tonic is required.

In such cases S.S.S. is the proper tonic. It is made from

fresh vegetable drugs—therefore will not harm the most delicate system. It improves the appetite and restores the red-blood-cells to normal; lost weight is regained; skin eruptions clear up and color returns to the cheeks.

Give your child the right chance to develop. You will not regret it in later years.

For more than 100 years S.S.S. has been helping children and their elders regain strength and vitality.

The seasoning and aging process, used in the manufacture of S.S.S., makes it pleasant to the taste.

All good drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

Another Oklahoma Oil Pool Opened

BARTLESVILLE, Okla., Aug. 16. (AP)—Apparent opening of a new high gravity sweet oil pool on a ten thousand acre block of land in Schleicher county, Texas, was announced here today by the Phillips Petroleum company.

No. 1 Whitten in the center of the northwest quarter of section 35, block 11 is the discovery well. Phillips owns three-fourths of the block; the Interstate Oil company the remainder.

The well found pay at 4,925 feet, and filled up over night. The oil is sweet and tests 36 gravity.

WHEAT SKYROCKETS AS RESULT BULLISH NEWS FROM CANADA

CHICAGO, Aug. 16. (AP)—Wheat went skyward today on news of worse threshing conditions in Canada and the Pacific Northwest and of smaller primary receipts in this country, the peak being 53-5 cents above yesterday's close.

September wheat ended the day at \$1.39 5-8 to 7-8, against yesterday's close of 1.35 to 1-8 a bushel, while December wheat closed \$1.43 to 1-4 a bushel, compared with \$1.43 1-4 to 1-2 yesterday.

KANSAS CITY, Aug. 16. (AP)—Bullish estimates of the world wheat crop and unfavorable threshing returns from Canada today resulted in all Kansas City wheat future prices rising five cents or more.

December wheat sold at \$1.42 5-8. Small primary market receipts and a scanty demand also contributed to the strength of the market.

Officers said that part of the poison had not been dissolved.

Hyde also had a purported draft for \$3,500 on a New York City account of Collins and a check for the same amount, made payable to Hyde. Collins said both were forgeries.

Four Children Burn to Death Friday Night

CONCORD, N. H., Aug. 17. (AP)—Four children, three under five years of age, were burned to death last night. A fifth, Esther, five years old, sister of three of the others and daughter of Marshall French, truck driver, and the father were in critical condition from burns.

The father succeeded in carrying Esther from the flames that had been his frame house on the outskirts of the city, but collapsed and was found lying by the road with his clothing burned from his body.

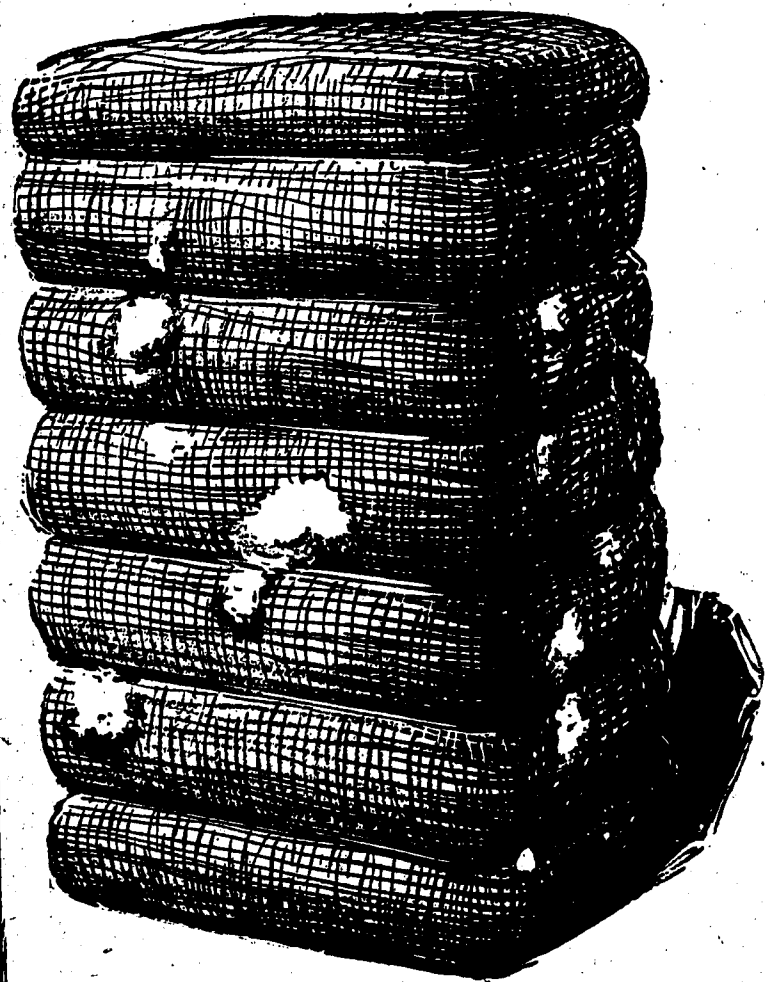

The victims were George, Marshall, Jr., and Charles French, all under five, and George Mercer, 14, son of Edward Mercer, who was at the French home to care for the children.

Mrs. French had been away and returned just after the tragedy.

Origin of the fire was not learned.

PIONEER RESIDENT PICKETT COMMUNITY FOUND DEAD THERE

J. C. Breithaupt, 71, pioneer farmer of the Pickett community, was found dead near his barn Friday night about 9 o'clock.

OPEN LETTER

To Cotton Farmers

The following letter is self-explanatory regarding the Corsicana cotton market, and everyone interested in marketing his cotton will find it profitable to read it:

(COPY OF LETTER)

Chamber of Commerce

United States Chamber of Commerce

MEMBER:

Texas Commercial Executives' Association

Corsicana, Texas, August 6, 1929.

To The President and Board of Directors,
Chamber of Commerce,
Corsicana, Texas.
Gentlemen:

REPORT OF SPECIAL COMMITTEE ON COTTON FEE

We, your committee named by the president to investigate the FIFTY CENT PER BALE COTTON HANDLING FEE and seek its elimination, have held several conferences with representatives of the several factors interested.

Our findings, briefly, are as follows:

First, the fifty cent per bale fee was added by local cotton merchants at the beginning of last years cotton season to meet what they felt was a part of the legitimate expense incident to the marketing of cotton.

Second, the fee was unpopular with the farmers and worked to the disadvantage of the local spot market.

Through the very fine cooperation of each of the interested groups, we have been able to arrive at what we believe is an entirely satisfactory solution for eliminating the fee.

The local banks, through the Corsicana Clearing House, have agreed to waive exchange on clearance of inter-bank transactions within the city.

The Corsicana Warehouse Company and E. K. Moore's Cotton Yard have agreed to lower their fee per bale from seventy-five to sixty cents.

Corsicana cotton merchants have agreed, in view of these concessions, to eliminate immediately the fifty-cent per bale charge to the farmer and thus absorb their part of this handling fee, giving the advantage to the farmer.

We have found a spirit of give and take among these groups and a desire to keep Corsicana to the forefront as a favorable local cotton market. We believe the farmer will appreciate this desire to work to his interest and the community as a whole will be benefitted through good will which will come from this action.

Respectfully submitted, A. G. ELLIOTT, Chairman.

COMMITTEE: I. N. Cerf, J. N. Edens, Guy Gibson,
Wade Smith, B. Kenner, Kal Shwartz.

CORSICANA Is The COTTON CENTER Of CENTRAL TEXAS

Corsicana is known throughout Texas as one of the most important cotton centers of the cotton area

Corsicana Gives This to the Cotton Farmer

Number of modern cotton gins.
Number of cotton and cotton seed buyers that pay the highest market price for cotton and seed.
Two large cotton warehouses and several cotton yards.
Two large, modern cotton seed oil mills.

The only high density compress in Central Texas.
Excellent shipping facilities.
Substantial and accommodating financial institutions.
—Bring your cotton to Corsicana and take advantage of these extraordinary advantages.

MEXIA IS PLANNING CELEBRATION WHEN WHITE WAY READY

MEXIA, Aug. 17.—(Sp.)—When the new 100 post ornamental light system is turned on Sept. 10 Mexia is planning a big barbecue, street dance and speaking, and will invite all people from within a radius of 50 miles to take part in the celebration.

The chamber of commerce has appropriated \$1,500 to pay for barbecue for the occasion, and other amusement features are planned. Men prominent in the state have been invited to speak and the Karem Temple Shrine band of Waco has been invited to take part in the celebration.

The committee in charge is composed of Val Horn, chairman; John F. Maddox, F. W. Welch, T.

F. Morrow, F. P. Huchingson and C. W. Helme. The committee has named special committees to assist it. They are:

Barbecue Committee—J. W. Elliott, chairman; E. N. Wilson, R. D. Morgan, Pete Urschel, W. R. Tidwell and Roscoe Cook.

Water Committee—B. L. Walkup, chairman; Tom Phillips and John Nielson.

Advertising and Decorations—John Phillips, chairman; U. P. Melton, P. R. Cox, Herbert Jacobs, Wright Kincheol, O. E. Bybee, R. W. Rhoades, Frazier Hendrix, C. R. Niles, S. S. Cox, W. D. Pittman, S. T. Davenport, J. H. Carter, Sid Statton and W. K. Boyd.

Mr. and Mrs. Roy Burdine of Dallas are in Corsicana spending the week-end with friends.

NEW GRAHAM-PAIGE AUTOMOBILE LINE IS SHOWN IN CORSICANA

CLAYTON M. BROWN PRESENTS MODERN MOTOR CAR TO LOCAL PUBLIC

Introducing a complete line of a few automobile in Corsicana territory, Clayton M. Brown, recently named dealer for the Graham-Paige products, presented several models of the new vehicles for the inspection of the motoring public in his sales rooms at the corner of North Main street and West Third avenue Saturday.

The Graham-Paige line includes three six cylinder models and two eights, with all except the smallest six, equipped with four speed

forward transmission that has been one of the features of this car for the past eighteen months. All of the models are of the new 1930 series which were formally presented over the entire nation Saturday.

Another innovation of this line is adjustable seats—both front and rear, insuring greater driving comfort and convenience. Three-spoke steering wheels are also used, with the front center spoke acts as a direction guide for the wheels.

The lower priced six is equipped with a 66 horsepower motor, with the other models carrying proportionate power plants.

Graham-Paige is making its first presentation in Corsicana since the plant was taken over by Graham Brothers, formerly connected with the Dodge Motor Car company. Clayton M. Brown is well-known to Corsicana motorists, having been the dealer for Whippet and Willys-Knight products for several years.

He extends a cordial invitation to the automobile public to inspect his line at the sales rooms.

Frank E. Moore Dies; With Railway 22 Years

ENNIS, Aug. 17.—(Sp.)—Frank E. Moore, a retired Southern Pacific Railroad conductor, died Friday night. He was employed by the company for twenty-two years. He suffered a stroke of paralysis three years ago and was unable to work since. His wife survives him. Funeral services will be held here Sunday afternoon, with burial in Corsicana.

TEAGUE MARSHAL QUILTS. TEAGUE, Aug. 17.—(Sp.)—E. C. Foreman has tendered his resignation as city marshal and it has been accepted by the city council. It is understood that Mr. Foreman has a position which means a promotion to him.

Bill Robertson of Tulepe was a business visitor here Friday. Dr. and Mrs. Homer B. Jester and two children will leave Monday for Mexico City where they will visit for several weeks.

A. H. CHRISTIAN DIED IN OKLAHOMA; TO BE BURIED HERE

Mrs. L. C. Polk received a message early Saturday stating that her brother, A. H. Christian, had just died in his home at Tulsa, Okla., and that the remains would be brought to Corsicana for burial, arriving in Corsicana Sunday morning. They will be taken to the L. C. Polk home on arrival.

Mr. Christian, who was about 50 years of age, formerly resided in Corsicana and has many friends here who will be grieved to learn of his passing. He had been in ill health for some time.

Funeral services are expected to take place Monday morning at 10 o'clock from the home of his sister, Mrs. L. C. Polk, 725 North 23rd street, with burial in Oakwood cemetery. The funeral hour, however, depends on the arrival of Mr. Christian's mother, who is expected to reach Corsicana early Monday. If she does not arrive on the early train Monday the services will be held Monday afternoon.

Surviving are his wife, his mother, Mrs. Julia Christian, LaFayette, Ala.; three sisters, Mrs. L. C. Polk, Corsicana; Mrs. J. A. Hines, LaFayette, Ala.; Mrs. H. L. Flagg, Malakoff; and one brother, W. C. Christian, Malakoff.

Bishop Quinn Will Be Heard in Mexia

MEXIA, Aug. 17.—(Sp.)—The Rt. Rev. Clinton S. Quinn, bishop of the Episcopal Diocese of Texas, will hold communion with the members of the Episcopal church here Sunday morning at the Presbyterian church. He will also preach at the same church Sunday evening.

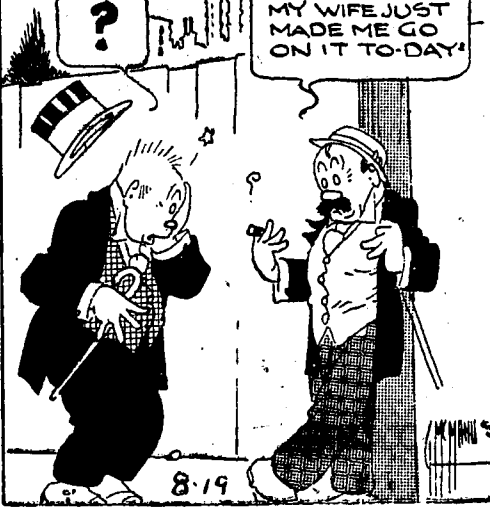

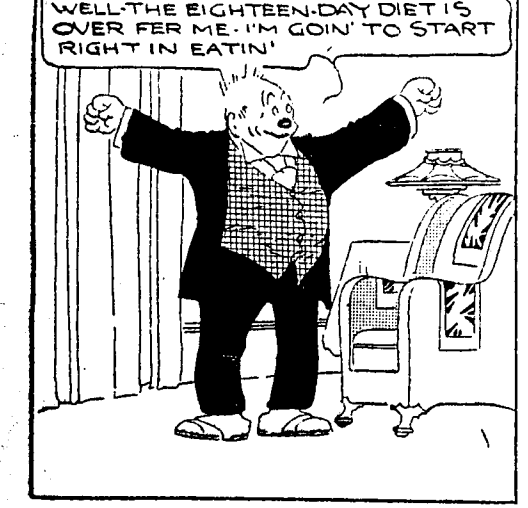

This is the first visit of Rev. Quinn since his elevation to the bishopric.

NEW WEST TEXAS RAILROAD MAY BE BUILT EARLY DATE

WASHINGTON, Aug. 19.—(AP)—A recommendation that the Interstate Commerce Commission allow the Yates and West Texas Railway company to build a new line from Rankin via Iran to Sheffield, all in Texas, was made today by M. S. Jameson, commission examiner, who investigated the proposal.

The Kansas City, Mexico and Orient subsidiary of the Santa Fe system, had objected to the proposal, claiming the new company would be controlled by oil interests and urging that it be permitted to make any rail connections with the field.

Jameson in his report said the railroad would serve the Yates oil field, which he asserted was conceded to "have the largest potential production of any field in the United States." He also declared the need and prospects for the line were sufficient to justify its independent construction.

Set Hearing For Removal of Shops Of Katy to Waco

AUSTIN, Aug. 19.—(AP)—The railroad commission today set the Katy Texas Railroad company to hearing on petition of the Missouri-Kansas-Texas Railroad company to remove its repair shops and offices of the division superintendent and train dispatcher from Smithville to Waco, for September 17. Smithville citizens are protesting the move and will come to Austin with strong representations to show reason why the petition should not be granted.

Eastland Woman Killed in Crash

EASTLAND, Aug. 19.—(AP)—Mrs. Frankie Johnson, wife of Postmaster A. H. Johnson, died today at Mason from injuries sustained Sunday when the automobile in which she and Johnson were driving overturned. Johnson was not injured seriously. Mrs. Johnson, however, is survived by a son by a former marriage, Thomas Barlow, who resides in Abilene.
